Clerk's Report

MONDAY 26th January 2026

Meetings/Events Attended from 25.11.25 – 20.01.26:

09.12.26 Grant Evening

The evening went well as usual. There was a small issue with the PA system. I have a suggestion. Would it be prudent to consider purchasing Council's own system of just a speaker and attached microphone? This could be used for future events without relying on other organisation's systems to ensure reliability.

Miscellaneous:

Background admin has carried on as normal including:
Arranging the Grant Evening which was well received by all who attended.

Assisting with the tree lighting where able, which was lit on 9th December with many thanks to Councillor Price and the contractor working on the Woodland Road Centre upgrade, who went above and beyond to get the project completed. This went down very well with residents, and some very favourable comments were received on our Facebook pages. A local businessman also offered to contribute towards the costs, as did the Hwb. This brings the total cost to Council for the project down to £5,000 exactly.

Also, we have been working on the Red Phone Box project which is progressing well. The phone box is now owned by Council as of 21st January and arrangements are in place for its removal, refurbishment and re-siting at the front of the Woodland Road Centre to house a defibrillator.

Other business being addressed by Clerk & Administrator:

- Actioning matters arising.
- Actioning matters reported by individual Councillors where appropriate.
